\$75.00 Registration Fee
Due on or before May 30, 2019

\$650.00 Program Tuition per child
Payment due on or before June 13, 2019

We are pleased to announce that St. Kevin Catholic School will again be providing an intensive reading and math intervention program aligned with the regular summer program curriculum. The language arts program is scientifically-based and is designed to improve students' reading skills, fluency and reading comprehension. The program will also provide assistance with phonics, grammar, and writing skills.

The math program is designed to assist students at their individual level in order to close skill gaps, regardless of their grade. It helps build critical math skills and develop a solid foundation, in terms of concept and application.

At the beginning of the program, each student will be administered an independent assessment test and placement test. Once the placement test has been completed, the lessons will be assigned according to the child's individual performance.

We are very excited about our innovative approach to summer learning and look forward to working with you and your child!

We also encourage students to join the Summer Camp program for the remainder of the day for only \$80.00 per week.

**All fees are non-refundable and non-transferable.

Please fill out the information below if you are interested in registering your child.
